

FOODIE

FOR A SUSTAINABLE FUTURE

Molded fibers are produced entirely from recycled paper; It is 100% biodegradable and can be routed in nature without leaving any traces. Nature, environment and trees are not harmed at any stage of molded fiber production. Molded fiber packaging are the most valuable part of the sustainable future.

We protect the future

Nature-friendly molded fibers are produced without harming the environment and trees, and our products become a part of sustainable life that protects the future.

FOODIE

With protective features against impacts, Foodie molded fibers help carry food and beverages easily. Thanks to their stackability feature, they save space in storage.
